Man loses RM73,000 to TAC syndicate

MELAKA: A civil servant lost RM73,000 after he was cheated by a Transaction Authorisation Code (TAC) syndicate. Melaka Commercial Crime Investigation Department chief Superintendent E. Sundra Rajan said the victim, 40, said he was contacted by an unknown man on March 14. "The victim was asked by the suspect to inform him when he receives the TAC number from the bank via SMS. He did as he was told. He then received an SMS from the bank informing him that RM50,000 had been transferred from his account after the victim gave the TAC number to the suspect," he said on Thursday. The next day, the victim found that there was a second money transfer amounting to RM23,000 to an unknown account. **Bernama**
