MCPF to create awareness on scams

KUALA LUMPUR: With more people falling prey to scammers, the Malaysian Crime Prevention Foundation (MCPF) will be embarking on a mission to educate and create public awareness, especially in relation to the Macau Scam.

Its Kuala Lumpur MCPF chapter chairman Bok Siew Mun said for a start, they would hold joint campaigns with banks and the city police to disseminate information to the public.

"We want to play an active role to assist KL police chief Comm Datuk Seri Mazlan Lazim in combating this scourge. Despite numerous reminders from the police, scammers have ripped off the people of huge amounts of money.

"It is high time all parties worked closely together to prevent scammers from having a field day and raking in ill-gotten gains," he said.
